

Got that “my-throat’s-burning-my-stomach’s-on-fire-now-I’ll-never-get-back-to-sleep” feeling? Again?

Alton Memorial Hospital

BIC HealthCare™

Worrying about your recurring heartburn won't help. Ignoring it won't make it go away. Getting acid reflux testing at the NEW Digestive Health Center will.

The Digestive Health Center at Alton Memorial Hospital brings advanced technology and skilled clinicians together in the area's most comprehensive facility for the diagnosis of GERD and other digestive disorders.

Call 1-800-392-0936 for a referral to a digestive health specialist.

The place for that “wow-it-looks-like-a- pill, but-works-like-a- video-camera” test.

Alton Memorial Hospital

IMC HealthCare

Our **NEW** Digestive Health Center offers Video Capsule Endoscopy, which goes where no video camera has gone before -- into the small intestine.

The Digestive Health Center at Alton Memorial Hospital brings advanced technology and skilled clinicians together in the area's most comprehensive facility for the diagnosis of small intestine disorders, Crohn's disease, intestinal bleeding and other digestive illnesses.
